President's Message

It's hard to believe, but the championship season is more than half over, and in about a month and a half, the entire racing season will be complete. Soon it will be time for the Fall Meetings and Banquet. Would you believe me if I said that planning for the 2006 Banquet has already begun? Yes, this is definitely the busiest part of the year.

Drivers, this is your final reminder that Contest Board Reps are beginning to hold rules change meetings. Right now you have a chance to submit and vote on proposals that could revise or add new rules to the Competition Regulations. I hope you take the time to attend your club's meeting.

It's also the time of year to be thinking about 'Driver of the Year' nominations. Each member club, affiliate club or licensed driver may submit nominations for 'Driver of the Year' to the Race Steward. Nominations must be submitted to the Race Steward no later than September 24, 2006. The selection committee consisting of Race Steward Art Metz, last year's recipient Mike Blaszcak and the Competition Committee (see pg.134 of the rulebook) will meet on September 30th at Pacific Raceways after the Novice races to select the 2006 recipient. The criteria for selection are sportsmanship (on and off the track), driving ability, and contributions to ICSCC.

Before I get too far ahead, let me mention our last two events and say that both should be classified as big successes. 'FUN' was the most commonly heard reaction to either weekend. Northwest Motorsports worked hard to put on a great event in Spokane and there was a good turnout of both drivers and workers. And with the exception of a single BMW rollover caused by mechanical failure, it was a safe weekend. (Thank goodness for a well-built cage – remember, never scrimp on safety!) Thank you to all who made the long trek east. Spokane is a fun track, and with some luck, we'll be racing there again next year. A special thank you should go to Darren Dille, who helped transport TC's fire bottles to the track. Not only were they used to put out some potentially serious grass fires; they may have saved his life. Darren returned home from Spokane to find that a plane leaving the Hillsboro Air Show had crashed and burned his house.

The August IRDC event had an entry count well over 220, which meant very large grids and exciting racing. Plenty of workers turned out for this weekend also and they were entertained by the good competition. It is truly an awesome sight to see group after group of 45-50 cars rounding the final corner and heading toward the starter's stand to take the green flag. Drivers did a good job avoiding problems and each group was treated to a full 30-minute race. The Group 3 race was so hard fought and close at the finish that it took nearly an hour to determine the winner in Club Ford! If this is any indication of things to come, I can hardly wait for the rest of the season. Hold on to your seats, folks! This could be more exciting than Talladega Nights!

Now back to the future, and two things for you to ponder.

A couple of issues ago I mentioned the idea of a Conference track. Quite a few of you responded with questions and ideas, mostly in the positive, but I would like to hear from more of you. Is it time to begin a serious discussion?

In every issue I try to emphasize how important volunteers are to our organization. We simply cannot function without the contributions of many dedicated individuals. Katherine Whitworth (Secretary) and Bill Vine (License Director) are two people who have spent countless years giving selflessly of themselves to support ICSCC. Both will be stepping down at the end of this year. If you know someone who is willing to fill either of these very important positions, please let me know.

Finally, on a sad note, I learned this week that Doug Moe, ICSCC President from 1974-76 & 1978-79, has passed away. Doug made a large contribution to Conference and was admired by many. He will be missed.

Here's to celebrating 50 years. See you at the races.

Linda Heinrich
ICSCC President

Steward's Soapbox

Given all the race stuff we've already talked about this year, coming up with something new for this column was a little tough. So let's talk about a few things that can take on added significance as we move into the second half of the season.

We all know the time for annual rule change proposals is here. Be sure to keep posted on your club's meeting schedule (some may have already happened as you read this) and attend your rule change meeting. Even if you don't have a proposal to present, be sure to attend your meeting, consider the proposals carefully and vote. Be proactive. Contribute your constructive opinion and expertise.

Quick car note: Be sure your transponder is working. As part of your pre-race prep, check your transponder wiring, contact points, switches, etc. I know: another thing to do before you leave for the track. But it beats pulling in after a session – where you just know you went the fastest ever - and discovering that none of your lap times were recorded because your transponder didn't work.

Traditionally, the first three cars in class are weighed at the end of a race. And, as you know, cars are also weighed at the end of some qualifying sessions. If you compete in a class other than Formula, Super Production or Sports Racer, you must have your minimum car weight recorded and signed off in your log book by the Steward or Assistant Steward, and have the book ready for presentation at the scales.

Remember to have your number and class on the car when you go on track. And remember to do a good job crossing out or covering up the class designations and numbers that don't apply to your current on-track session.

Yellow flags: No one wants a yellow flag to be needed. No yellow flags means everything is going fine. No spins. No cars sputtering to a stop at trackside. And especially, no crashes. But as we all know, it's a rare race weekend with no yellow flags. So far, everyone has been doing a very good job being aware of the turn stations and responding to the flags – yellow or otherwise. Keep up the good work. Keep everyone safe and don't endanger your finishing position or class points with a race penalty or loss of qualifying time.

Also yellow flags: The fifth and sixth words of ICSCC Competition Regulation 1501.C.1, are "SLOW DOWN". The fourth and fifth words of ICSCC Competition Regulation 1501.C.2, are "SLOW DOWN". Those words are near the beginning of those sections because they are important. I know going slow is contrary to our goal as drivers. But Common Sense must prevail. You know that a yellow flag would not be shown if everything was okay on the track. Keep in mind that if you were the emergency or turn worker dealing with an incident while race cars whiz past only a few feet away, your assessment of your peril would be more accurate than that of a driver who has "slowed down" from 110 to 70 mph. And what would you think of the driver who didn't slow at all? Your words probably wouldn't be quotable here. Keep everyone safe.

The first half of the season has been great. And Ron and I are really looking forward to seeing all of you at the upcoming races. So have fun and do your part to keep us as busy as the Maytag repairmen.

All the best,
 Art Metz
 2006 ICSCC Race Steward

Spare Parts ICSCC (and related) News

Have you got what it takes? ICSCC has some important and challenging positions to fill for 2007. Our Secretary and License Director are stepping down, and both these positions need to be filled, preferably by the Fall meeting in November, to ensure the seamless functioning of Conference. If you are interested in either of these positions and want to know more about what they entail, or would like to suggest someone, contact the President to discuss it. Linda's contact information is inside the front cover of this (and every) issue of the Memo.

The ICSCC Drivers' Meeting forum is back online after a hiatus of almost a month! Please join (or rejoin) our online community... you'll find discussions of recent events, proposed rule changes, technical issues, and more.

CSCC Supplemental Regulations 2006

Infractions will result in penalties assessed to the driver.

1. Open to cars eligible under ICSCC current regulations.
2. This event is organized under 2006 ICSCC Competition Regulations, and all who enter PIR are subject to them. Cascade Sports Car Club reserves the right to refuse entry to this event or to PIR at any time.
3. Alcoholic beverages allowed in the *beer garden area only*, and only after the track closes. **You may not bring alcohol into PIR!** This is an Oregon Liquor Commission requirement. Any person caught bringing alcohol into PIR will be *banned from the raceway*.
4. Registration closes at 1:30 pm Saturday and at 10:00am on Sunday.
5. Competition numbers must be readable: Section 1106 enforced.
6. Late entries handled according to ICSCC rules. Entries received after the postmark deadline will be charged \$50.
7. Under 18 years old not allowed in hot pits, pre-grid or on victory laps. Under 12 must have direct adult supervision at all times.
8. A current and properly completed minor release form, signed by an authorized adult, must be on record for all minor participants brought into PIR.
9. The scales will be open Saturday from noon and Sunday all day.
10. **No skateboards or scooters allowed in the paddock area. Users of bicycles and small-motorized vehicles may have riding privileges revoked at any time by the Race Chairperson.**
11. Refueling not allowed in pre-grid. Fueling in the hot pits requires a crewmember assigned only to manning a fire bottle. Excess spillage will result in a penalty.
12. *No smoking* allowed in hot pits, pre-grid or *any* PIR building.
13. Only one support vehicle allowed in paddock. Pit and pre-grid roads must remain clear.
14. Noise rule ICSCC 1112 enforced! 103 dB at 50 ft.: *no exceptions!*
15. Oregon State Law requires functioning mufflers to be used at PIR. Functioning mufflers must be capable of reducing sound energy by at least 5dB at trackside. Cars losing mufflers, even if they are still below the sound level, will be black-flagged immediately.
16. Damage to the track, grounds or buildings, regardless of cause, will be charged to the driver responsible. Also, damage to any equipment or devices used by the sanctioning body (ICSCC) or sponsoring club (CSCC) to conduct this race, regardless of cause, will be charged to the driver responsible.
17. Family and crewmembers of drivers are to contact the landline communication person at pre-grid with any questions regarding their driver or car.
18. All entrants for this event shall present at tech inspection an empty, sealable container or containers, marked with the driver's name and license number, capable of holding 2 gallons of liquid. These are to be used to remove all oil, cleaners, brake fluid, etc. from PIR. There will be no drums provided.
19. Anyone caught dumping oil at the raceway will be fined and banned from the raceway. This is a PIR regulation.
20. If entries exceed the number of cars allowed on the track for a particular event, drivers and cars entered as an "additional event" will be restricted from participating, on a first-come, first-served priority based on the date entries were received. This is in order to allow participation by all drivers for whom the event is their primary event, including Novices upgrading to a championship event.
21. NSF checks will be charged an additional \$50 fee.
22. The racing "hot pit" is defined as that area under the control of Hot Pits personnel. This area is located immediately west of the break in the concrete wall half way up the pit lane. Per ICSCC rule #1607, any person over that "pit wall" during practice, qualifying or races shall wear long pants, shirts that cover the shoulders, and shall not be barefoot or wear open-toed shoes. At the one-minute warning, pre-grid becomes a "hot" area. At that time, pre-grid must be cleared of all crew, support personnel and spectators. Notwithstanding the above, ICSCC rule #1607 does not apply to the pre-grid area.
23. All cars that are towed into the paddock area are subject to being dropped off in impound.
24. In order to receive a refund you must notify registration if you are withdrawing from the event after you have checked in at registration.

Thank you – Gary Bockman, CSCC Race Chairman

Hubbard/Downing Inc. Announces the HANS, Head and Neck Support® to be custom fitted and expertly serviced locally to Northwest Racers

For the first time since the inception of the HANS® device in the mid 1980's, a nationwide servicing dealer program has been introduced to bring the information and expertise necessary for proper fit and selection of this important safety device directly to the racer. Recognizing the need to explain, demonstrate, custom fit and sell the HANS® device, a search began in 2002 to locate just the right company to present the device to the Pacific Northwest racing community.

After a very careful search, **Armadillo Racing Enterprises of Bremerton Washington** has been selected to represent the HANS® device to racers in Washington, Oregon, Idaho, and Montana. "We are honored that Hubbard/Downing has selected our company to bring the HANS® device to northwest racers. They set very high standards because of the serious nature of driver safety and because of the need to be sure the correct model of the device is properly fitted to the exact need of each racer. Our 17 years in the safety equipment business, selling and servicing racers trackside through our 28 ft. showroom/trailer and our respected business reputation was the reason we were chosen."

In addition to representing the HANS® device, Armadillo Racing is your complete trackside store featuring these great products: Red Line Oil (most all oils and gear lubes in stock including Water Wetter), Safety Equipment (Bell, Simpson, Bieffe, Momo and OMP helmets, gloves, shoes, suits) and featuring Carbon-X Underwear; Goodridge Competition Plumbing; Numbers, Letters, Nuts and Bolts, stop watches, brake pads, Mechanix Wear gloves, chemicals, too much inventory to list. They also carry a great selection of racing books and fanwear. If you need it, there is a good chance ARE has it at the track on race weekends.

"Andy supplies great products at reasonable prices and has an amazing inventory at track side."

— **Alastair Lockett** '67 Mustang SPO

"Armadillo Racing & Andy Collins is Great! What's better is dealing with real people, selling real products, and being local to boot. Thanks, gang, for being there and providing the support, education and experience." — **Rob Barker**

"Andy is fair and good to deal with. Good to work with an honest person that will work with you." — **Phil Edwards** RX-7

I.R.D.C. EVENT SUPPLEMENTAL REGULATIONS

1. Open to cars eligible under I.C.S.C.C. and S.C.C.A. current regulations.
2. There will be no starting of any race engines prior to 9:00 a.m.
3. No class changes after 1:00 p.m. on Saturday.
4. Drivers are responsible for properly and completely filling out their entry registration form(s).
5. Multiple Entries: A driver entering the same car in more than one event shall indicate on each entry form whether the entry is for the driver's "primary" or "additional" event. If the entries are oversubscribed for a particular event (entries exceed the number of cars allowed on the track) drivers and cars entered as an "additional" event will be restricted from participating, on a first come, first served priority based on the date the entries are received, in order to allow participation by all drivers and cars for whom the event is their primary event including novices upgrading to a championship event on that week-end.
6. Consumption of alcoholic beverages is **NOT** allowed at any time during the racing event, except in the area covered by the liquor permit issued by the Washington State Liquor Control Board. The time and location is a condition of operation of the track and is enforced by track officials, ICSCC, and IRDC officials or law enforcement authorities.
7. All Entrants shall present at tech inspection empty, seal-able, container(s) marked with driver's name and car number, capable of holding 2 gallons of liquids. These are to be used to remove all oil, cleaners, brake fluid, etc. from P.R. Anyone caught dumping oil at the raceway will be fined and banned from Pacific Raceway. There will be a \$10.00 per tire charge imposed by the track for the disposal of tires.
8. Damage to the track, grounds or buildings, regardless of cause, will be charged to the driver responsible. Any damage to any equipment or devices utilized by the sanctioning body (ICSCC) or sponsoring club (IRDC) to conduct this race, regardless of cause, will be charged to the driver responsible.
9. NOISE RULE I.C.S.C.C. 1112 enforced! 103db @ 50 ft. No exceptions.
10. All persons in pre-grid or in racing hot pits shall wear long pants, shirts that cover their shoulders and no open-toed shoes during all practices, qualifying and races.
11. A Minor Release form is required for **ALL** minors upon entry to the track (NO EXCEPTIONS). Minors must be under direct supervision of an adult at all times. No minors under 18 years of age are allowed in the hot pits or pre-grid. Operation of any type of wheeled transportation (bikes, scooters, motorcycles, skateboards, skates, etc.) is forbidden for anyone under the age of 16 years.
12. All cars will be off trailers for tech inspection.
13. There will be no refunds on prepaid pit passes.
14. Driver must appear in person at registration to add a crew- member to the list on their registration form.
15. All participants are required to have and display at all times the appropriate pit, crew, guest, or worker pass issued for this event. Passes are required for reentry to Pacific Raceway during this event.
16. No overnight camping at the track on Sunday night without the consent of P.R. management.
17. There will be no refueling in the grid area unless accompanied by a fire extinguisher and operator.
18. No motorized tow or support vehicles allowed on pre-grid unless authorized by the Grid Marshall or Race Chairman. Support vehicles behind pre-grid must be parked along the fence
19. No open fires are allowed in the paddock, pre-grid or within the track in-field.
20. All gates are locked at 11:00 PM Friday and Saturday nights. The main gate will open at 7:00 AM.
21. Only one support vehicle or trailer is allowed in the pits per competition car.
22. There will be no saving of pit or paddock areas except as required by I.C.S.C.C. regulations with exception of Novice License director or by Race Chairman for cause. All other pit and paddock areas are on a first come, first served basis. Violators of this regulation can be subject to disqualification.
23. The length of scheduled events may be altered by the Race Chairman due to emergency conditions beyond the control of I.R.D.C. personnel.
24. I.R.D.C. reserves the right to refuse entry to this event to anyone.
25. Line formation to enter the track on Friday afternoon shall start at the main registration booth. The waiver sheet must be signed prior to entry into the pits on Friday.
26. No bicycles, scooters, or walking allowed on the access road adjacent to the main straight from the paddock to pre-grid. This is a P.R. rule.
27. **King County bicycle helmet laws are enforced at P.R.** – anyone operating a bicycle or scooter is required to wear a helmet. No motor vehicles allowed in the infield except for race workers.
28. Pets must be leashed at all times and owners are responsible for cleaning up animal waste.
29. All in-car timing system transmitter beacons will be placed at a marked location as defined by the Race Chairman. All transmitters outside of the specified area will be confiscated and retained by the Race Chairman.
30. Turn 1 / Pit Out blend line violators will be dealt with by the Race Steward.

In Memoriam

Former ICSCC President Doug Moe recently lost his battle with cancer. Although it had been in remission it recently recurred, and he passed away peacefully in his sleep earlier this month. Bill Hill sent some reminiscences:

Doug was an extremely generous person. I raced his cars many times and rarely did he ever charge me... he never charged me when I drove his Lola in Can Am and the year after Can Am disappeared. In May 2005, I Doug took me and my wife to Universal studios (he had passes to all the parks) to ride all the rides. As we got on the Hulk roller coaster Doug said he thought it was about his 100th time. Later, we went around to all the air museums and had dinner with him and Pat. They live in Winterhaven, near many of the parks. He said he would go to Home Depot, stop at a park, ride a roller coaster or two, then do his errands. The roller coaster had replaced his racing for enjoyment.

He was truly a giving person and helped ICSCC through some rough days when he took over the Presidency. Condolences will reach his wife, Pat Moe, at:

Memo Classified Ad Policies:

Non-commercial ads are free to Conference licensed drivers, officials and workers. **Henceforth, maximum ad length is 100 words: longer ads will not be accepted.** To place an ad in the Memo and/or on the ICSCC website, contact the Memo editor at 604-882-8078 or (**much preferred**) by email at icscc@telus.net. Proof your ad when it first appears – it is presumed correct unless the editor is notified in writing! Ads run for three issues, then are automatically cancelled unless renewed. Numbers at the end of the ad show when it began: 1/06 means first issue of 2006, and that ad will expire after issue #3 of 2006. There are 10 issues per year. **To change an ad you must re-write it and submit the new wording in its entirety.**
