

ICSCC Memo #4, June 2007

The Official Publication of the
International Conference of Sports Car Clubs

In This Issue:

- Race Announcements Races #5 & #6
- Race Results Races #1 & #2

President's Message

There is important news to pass on this month. For those of you who have not already heard, **Team Continental will not be hosting any races in 2007.** The new track at Grass Valley will not be completed in time, so the Sept. 22/23 and Oct. 6/7 races on our schedule have been cancelled. TC is hoping to host races there next season. This early notification should make it easier for drivers/workers to make adjustments in their race season schedules. It also means the total number of races has now been reduced to twelve, and the last championship race will be at Pacific Raceways on Sept. 29/30. Your best 10 races still count for year-end awards but now you only need six races to qualify for a trophy. (See Rule 503 A.)

Did anyone notice my hiatus from writing a President's message last month? Since the Steward is the Conference Official that drivers are most likely to interact with, I thought it might be helpful if his message appeared on the front page before the season began. While his Soapbox included answers to questions that had been circulating through the web forum, there was also a strong underlying SAFETY theme. It appears the drivers are paying attention to the Steward.

Since the last Memo, two races have been completed. The Portland race was warm and dry with a nice turnout of workers. There was only one severe driver-to-driver contact. The entry count (177) was one of the highest first race totals in recent years. Seattle had unusually low entries, probably due to the poor weather forecast, which turned out to be accurate. The weekend took its usual heavy toll of cars when it rained. Drivers need to remember that a car handles differently on a wet track, and hydroplaning is all too common at race speeds. The main idea of rain races should be to complete the race and go home with a finish and your car in one piece.

Both events so far have had large Novice Closed Wheel grids; it would be nice to see more Novice Open Wheel cars. Our Novice program continues to earn high praise. Under the direction of License Director (and Pro-3 driver) Greg Miller, new ICSCC racers are receiving excellent training.

From an organizational standpoint, the race events seem to be running smoothly. The Clubs and the Stewards have made it their mission to provide good customer service this season, and people are noticing. A number of non-ICSCC drivers complimented our organization and said they enjoyed racing with us. Olivia Muro, License Registrar, has reported several have even purchased ICSCC licenses this year.

Our workers are the best anywhere. Many drivers specifically asked me to pass along kudos to the workers for their willingness to stand out in the elements, ready at all times to provide assistance when needed. The good news is that more drivers have expressed a new appreciation for what our workers do, and how valuable they are to us. The bad news is that too many drivers have already needed assistance. The level of professionalism, rapid response time, and attention to safety that our workers provide has impressed them. Take time to get to know the volunteers who make these race events possible. They are amazing and interesting people. I don't think the turn workers will hold it against you if you decide not to visit them during a race, but it would be great if you introduced yourself at lunch or at the end of the day. Let them know they are appreciated.

Looking ahead to July, this Memo contains the announcement for the double race weekend in Spokane. I hope you will seriously consider attending. This is probably my personal favorite among all the tracks we currently run on. It is fast and fun. You get two races for one tow. You get a lot of track time for your entry fees. And the weather is pretty much guaranteed to be good. Many of you know that the track is currently up for sale. While there are several potential buyers and we don't really know what will happen, this could be the last time we get to race there. It would be a shame to miss out. Why not make a vacation out of it and bring your family and friends along!

See you at the races in June.

Linda Heinrich
ICSCC President

NorthWest MotorSports
Presents
Spokane Grand Prix
Supplemental Regulations (Special Stuff at Spokane)

1. See race announcement for registration and tech hours.
2. NSF checks will be charged an additional \$50.00 fee.
3. Tire services **MAY** be available.
4. Consumption of alcoholic beverages is allowed only after the conclusion of ICSCC racing for the day. Anyone caught consuming or under the influence of alcohol prior to that time will be asked to leave SRP. See ICSCC Competition Regulation 610 - Impairment. This rule will be enforced by the Race Steward.
5. No smoking is allowed Hot Pits, Pre-grid or any SRP buildings.
6. No open fires! BBQ's may be used on pavement or gravel areas only.
7. Minor Release Forms must be completed by parent/guardian for all minors under the age of 18.
8. Children under 16 years of age are not allowed in hot pits or pre-grid. Children under 12 years of age must have direct supervision at all times.
9. Pets must be on leashes at all times.
10. No skateboards or roller blades. Bicycles and small motorized vehicles may be operated in the paved/gravel areas of the paddock.
11. Pit and pre-grid roads must remain clear. This is a fire department requirement.
12. Speed Limit in paddock is **SLOW!!** Please use extreme caution. The Race Chairman will strictly enforce this regulation.
13. No racing engines may be started prior to 7:15 am. Due to sound ordinance, all racing engines must be shut down by 6:30 pm each day.
14. Refueling is not allowed in pre-grid.
15. Family and crew members of drivers are to contact the communication person at pre-grid with any questions regarding their car or driver.
16. Damage to the track, ground or buildings, regardless of cause will be charged to the driver responsible. Also, any damage to any equipment or devices utilized by ICSCC or NWMS to conduct this race will be charged to the responsible driver.
17. Because of the possibility of hot weather at Spokane Raceway Park, damage to the asphalt paving in the paddock, pre-grid or any of the SRP road surfaces may result from the use of jack stands, floor jacks, canopy poles, etc. Please bring something to use under these items.
18. All entrants at this event must be prepared to present at tech inspection an empty, re-sealable container(s), marked with the drivers name and license number, capable of holding 2 gallons of liquids. These are to be used to remove all used engine oil, antifreeze, brake fluid, cleaners, etc. from SRP.
19. No more tires will be disposed of or abandoned at Spokane Raceway Park.
20. Be prepared for Warm Weather. Drink plenty of fluids!!
21. All entry withdrawals must be submitted in writing to registration prior to the time on-track sessions begin for the Saturday or Sunday race group(s) from which the entry is being withdrawn. Withdrawal forms will be available in Registration.
22. All cars must exit the track at Turn 4 after all practice, qualifying and race sessions.
23. Any car exiting the race track at Turn 4 or elsewhere and proceeding to the pits or paddock during a race, may not re-enter the session. (**Race only**). See ICSCC Competition Regulation 712.
24. PLEASE NOTE – Per ICSCC Competition Regulation 1105 G, all cars are required to have towing eyes. It is very difficult to get cars out of the pea gravel without them.

Any Additions or changes to these Supplemental Regulations will be in the form of a Driver Letter in the Driver Packet you receive at Registration. You, the driver, are responsible for reading these regulations and ensuring that you, your crew members and family understand and follow them. **The Driver is responsible for any infractions.**

Spare Parts ICSCC (and related) News

Attention drivers, workers, officials, crew... the two races planned by Team Continental for Oregon Raceway Park for September and October of 2007 have now officially been cancelled. The track will not be complete in time. TC is looking forward to welcoming you all to the new track in Grass Valley, Oregon, in 2008.

The 2007 ICSCC schedule will now consist of 12 races, with your best 10 results counted toward year-end championships and a minimum requirement of 6 races to qualify for a trophy (see Rule 503.A).

The weather in Seattle on the weekend of May 19th and 20th was highly unsatisfactory, unless one happened to be a duck or a purveyor of inflatable rafts.

Nevertheless, quite a few hardy souls (I hesitate to suggest that they simply didn't have the sense to come in out of the rain) donned their wet-suits, bolted on pontoons, and went forth to do battle - or perhaps play water polo. This issue contains a few of the photos your Editor took before her more sensible companion hauled her in out of the deluge.

2007 ICSCC Memo Submission Deadlines

Issue:	Deadline:	To include:
#2/07	March 14	Announcements races 1 & 2
#3/07	April 11	Announcements races 3 & 4
#4/07	May 23	Announcements races 5 & 6
#5/07	June 13	Announcements races 7 & 8
#6/07	July 11	Announcements races 9, 10, 11 & 12; Points through race 4
#7/07	Aug. 15	Announcements races 13 & 14 IRDC enduro announcement, Points through race 8
#8/08	Sept. 12	Rule change proposals, 1st banquet announcement
#9/07	Oct. 17	Final points, 2nd banquet announcement
#10/07	Nov. 28	Rule changes, 2008 license application & medical forms

Deadlines are for *submission of material* for each issue

Steward's Soapbox

Drivers... At some time in your career, you'll need Racers' Religion!

As you read this Races 1 and 2 are in the record books, and at every race Brother Hal Hilton and I try to bring "inspiration" to your Drivers Meetings. We preach the message of good sportsmanship, of keeping your cars in decent condition for the next race. We always share the word of the needless expense due to an addiction to "crash damage".

Many of you, brothers and sisters, have listened, and raced clean, which hopefully resulted in your being able to stay within your racing budget. For you brothers and sisters... Do I hear a "Halleluiah"? We are looking forward to seeing you in Portland for Race #3.

On the other hand, some of you have been sleeping through our services, and have limited your participation in the congregation to contributions to the ICSCC Building Fund, aka Fines and Penalties.

I've been speaking with the Conference Elders and am here to tell you that we may be looking at a few protocol changes in order to get these souls to "see the light".

How about... anyone dinged for avoidable contact has to start the next race with one or more wheels locked in a steel parking boot? In order to be fair, this extra weight could be considered into your car's race weight.

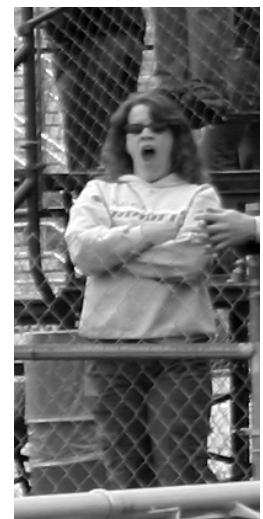

Now, if you are in the run group that has the Steward pulling out the little hair that he has left - and you know who you are - one solution might be a LeMans Start. Picture this: we grid the cars on the front straight, then we line up the drivers in a single line. In doing this, one question is still undecided. Should the line of drivers be staged 5,000 or 10,000 meters from the grid?

And lastly, one of the Conference Elders suggested that we form a special race class for those who can't get enough of that "crash and bang" feeling. At the 5 minute warning, before the start of the race, they get out of their cars, and beat on their competitors' cars with folding metal chairs. We could bring in guest Stewards, like Steve Goldberg, "The Rock", or even Vince McMahon.

As far as Hal and I are concerned we welcome all drivers, sinners or not, to join our congregation. Regardless of your past, we know that eventually you will be inspired to see the advantage of keeping your race cars crash free. Why not spend your money on new tires, engine work, and safety equipment... rather than buckets of Bondo?

Ron Muro
2007 Race Steward

Incidentally, at the Saturday Drivers Meeting in Portland, Hal will continue his pilot program of putting your race weights on the outside of your car. Our goal is to get you in and out of the scales so that you can get to your next run group quicker! He will be selecting volunteer classes at the Saturday Meeting.

Remembering Bob Dunsmore

The motorsports community has recently lost another dedicated soul - Bob Dunsmore, former road race driver and avid auto racing photographer passed away April 8, 2007, following a battle with leukemia.

The Cascade Sports Car Club will be hosting a ICSCC Championship event at PIR June 16-17, 2007 which is "Dedicated to the Memory of Bob Dunsmore". A gathering of Bob's friends will occur on Saturday, June 16th.

The following tribute comes from Bill Hill...

I have just learned of Bob Dunsmore's death from Leukemia. I remember Bob from the days he was racing F-V and Bob remembers the MGA I raced and my toying with names-that's 40 years. Then Bob became a photographer and developed great skills. He became the 'official' photographer in the area for many years. but I always enjoyed his sense of humor the most. It almost became a routine..... Bob would sell me pictures of the last race, but I wouldn't have any money to pay him at that time. Then several

weeks or more later, I would send him a check with an itemized bill of what I owed, with outrageous bonuses and penalties and I always was able to cut a couple dollars off the bill. Bob always got a kick out of my ingenuity of pricing and would post the letters in his office. the last time I saw him was in California too many years ago.

There are thousands of stories about Bob in the racing community and each will put a smile on your face.

He took a lot of pictures of Sears Points & Laguna Seca events, particularly the vintage races that were published in national magazines. I just happened to pick up an old vintage car magazine and almost all of the pictures in there were taken by Bob. He had a great eye for what to take to make the photo interesting. Bob really established himself as a quality motorsports photographer and his work was in demand.

Bob will be missed by his many friends in Conference and beyond.

Bill writes:

Above is a picture Bob took in 1979 at the Westwood hairpin. As I was braking for the hairpin, the sunlight flashed off a camera and foot long lens. Turning into the corner, I waved, not knowing who was the photographer. At the next race, Bob surprised me with the picture and wanted to know who I was signaling because there were no cars behind me. I told him I had seen the sunlight on the camera and didn't know it was him.... but waved just to be funny. A fun moment that happened in a split second.

Orange-Aid

Fresh squeezed by the ICSCC License Director

I have had my first day on the job, and I survived. First of all, many thanks to the seasoned officials, who helped me a bunch. The turn workers are my eyes and ears and their feedback is invaluable. The pre-grid and pace car folks offered suggestions that allowed the races to come off on time even with a challenge or two.

This speaks to what I have been saying about getting to know both your fellow racers and the officials. Everyone I've met is at the track because they enjoy racing. We race for fun, not money or glory – though some of us have occasionally been known to beam with a bit too much pride after an especially satisfying win.

Several years back, I traveled alone to my first "away" race at Mission. My newly acquired but old motor home had brake issues, shock issues, and spring issues, and the traffic sucked from Kirkland to Smokey Point. I arrived in a rotten mood that became even darker when I followed some unclear signs to the wrong part of the track.

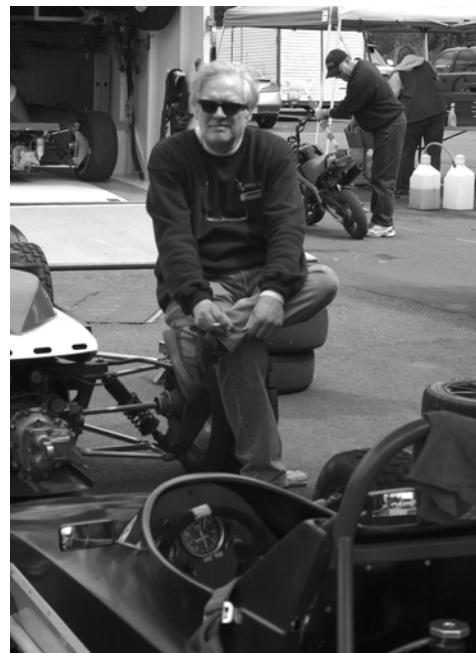

When I finally made it to the correct paddock area I was met by some friendly folks, fellow racers, who turned my mood around by helping me settle in. Generally, you don't have to go very far in the way of asking for help before the members of ICSCC will shower you with it. Look around and you'll see com-

petitors sharing parts, tools, driving tips, and food. To maintain this cooperative spirit (and have maximum fun) on the track, do keep these few things in mind:

- Play fair - both mechanically and strategically.
- Drive the best you can – no more. Try a new move only when you have room to screw up, or during a test 'n tune. Keep the track clean, incident free, and on schedule during qualifying and race sessions.
- Allow room for same-class drivers to compete with each other. Don't race someone out of your class when you see them clearly racing one of their own. If you have a good lead on your own competitor, chances are you can pass lap traffic without separating other competitors. In my run group, I look to Mac Russell and Manfred Duske as role models. These two can be head to toe and still get through lap traffic without re-arranging the order

A special welcome to novices and drivers from other clubs. Let's continue to be both cooperative and competitive, have great fun, and make some wonderful new friends in the process.

Greg Miller
License Director 2007

In March it may be too late to get the helmet you want

"The Days Are Numbered... On Your Old Snell SA 95 Helmet"

Time has run out on your SA95 helmet. The rules now state that you must have an SA2000 or new helmet for the 2007 racing season. Act now to ensure that you'll be able to get the exact model helmet in time for the season.

The great news is that we have the helmet you want with no worries about being stuck at the season opener with an outdated helmet.

We stock Bell and Pyrotec helmets or can special order any helmet you want. Don't trust your head to just anyone, allow the safety equipment experts at Armadillo Racing to help you select the right helmet for you, your car, your type of racing and your budget.

Need a HANS device in 2007? Armadillo Racing is the only authorized factory trained dealer in the NW. We can even move the anchor posts from your old helmet to your new helmet.

To Order or for expert assistance in choosing a helmet.
Call today Toll FREE 1-888-211-9129 (USA & CN)

For Sale: FV 1991 Fastech complete with all my spares, wheels, tools, etc. Needs some work, but a really good race car for the price. \$2900 located in Olympia, WA. Chuck Boyce @ 360-790-4666 4/07

For Sale: 1979 MGB. Excellent body, no rust, Inca yellow. Engine rebuilt approx 5000 miles ago by specialty shop. Engine is overbored, high compression A - requires Premium AND Octane booster. Transmission is five speed Ford Sierra Type 9 from Hi Gear Engineering in England, professionally installed with competition clutch at same time a engine rebuild. Comes with an aftermarket hardtop from Proper MG, and a folding soft top. There is an uninstalled carpet kit for the boot. There is also a rain cover and a top cover. The dash is original and uncracked. \$6500. Call Ron @ 541-760-9112. 4/07

Needed: I need a ride for my new frame from Road America/Elkhart Lake, WI back to this area. Please let me know if you have room—like if you are returning from the June Sprints or something. Frame is bare so must be kept out of rain. Please contact Doug Moul (253) 843-1520 or Alpine4x4@aol.com. Thanks! 2/07

For Sale: 1984 BMW 318i. 2.0L motor with dual Webber side drafts produces 150 HP at wheels. Car has been built to SCCA E Production rule book and offers some luxuries and safety features not normally found on this type of car. It has a Butler Built racing seat and Tilton racing pedals for ultimate comfort and control. The combination of this seat and pedals gives you one of the most adjustable, comfortable, and safe cockpits you'll ever find. The engine is a 10:1 motor with an Ireland Engineering header, a Schrick 316 racing cam, and Dual 45 DCOE Side Draft Webber carbs with a cold air intake. The ignition is MSD from the module to the coil to the distributor. The front shocks are adjustable Konis and the rear are two way adjustable Afco shocks. Diamond racing wheels. Hawk racing brake pads with Korman ventilated front discs. The front and rear sway bars are from Ireland engineering. The fuel cell is a proper racing cell that meets the safety specs outlined in the rule book. You simply won't find a safer, better built production racer anywhere. In Surrey, BC. Asking \$9,990 obo. Trent.dyrsmid@gmail.com. or 604-839-2780.

Memo Classified Ad Policies:

Non-commercial ads are free to Conference licensed drivers, officials and workers. **Maximum ad length is 100 words: longer ads will not be accepted.** To place an ad in the Memo and/or on the ICSCC website, contact the Memo editor at 604-882-8078 or (**much preferred**) by email at icsc@telus.net. Proof your ad when it first appears – it is presumed correct unless the editor is notified in writing! Ads run for 3 issues, then are automatically cancelled unless renewed. Numbers at the end of the ad show when it began: 1/06 means first issue of 2007, and that ad will expire after issue #3 of 2007. There are 10 issues per year. **To change an ad you must rewrite it and submit the new wording in its entirety.**

Dear Fellow Racers,

Thank you for your support and patronage! In July 2007, we will have been selling & servicing racers for 7 years. 99 West Trailers is proud to be the trailer dealer of choice for many racers in the Pacific Northwest and beyond! Being racers ourselves, we know what you need and expect out of your trailer and the people that stand behind it.

For those of you that have purchased a trailer from us, please e-mail a picture of the trailer you purchased from 99 West Trailers so we can show it off to the world!!

Thanks again and we look forward to many more years of serving the racing community.

Sincerely,

99 West Trailers
