

ICGCC Memo 8, September 2008

The Official Publication of the
International Conference of Sports Car Clubs

In This Issue:

- Rule change proposals for 2009 Championship season
- Race results CSCC Portland Aug 17, SCCBC Mission Aug31/Sept 1, & CSCC Portland Sept 14
- 2008 ICSCC Awards Banquet invitation

President's Message

The Doernbecher Dash has just concluded and the racing season is quickly winding down. By the time you read this, the last remaining championship race at Pacific Raceways will be history, several close trophy battles will have been decided, and the 2008 Conference 'Driver of the Year' will have been selected (sorry, but you'll have to wait until the banquet to find out who it is). Only the 12-Hour Cascade Enduro will be left on the 2008 schedule.

The earlier Mission races went off without a hitch, and nary a fine from the Race Steward. What? No fines? That doesn't happen often! The weekend included a special surprise event to celebrate Al Ores' 40 years of racing. Formula Vee drivers past and present showed up to race with Al and pay tribute to him during an evening of revelry.

By now, rule change proposals for next year have all been submitted, and they are printed in this Memo. Look them over, ask questions for clarification, and discuss their merits. Be an informed voter at your club's meeting. Your Contest Board Representative will carry your club votes to the Contest Board Meeting at the SeaTac Marriott on November 15, 2008. Tallying of votes will begin at 9:00 AM.

Two additional meetings are also on the schedule for the same day – the Executive Board Fall Meeting and the ROD (Race Officials Division) Meeting. All meetings are open, so if you are interested in seeing how Conference conducts its business, I encourage you to attend, even if it's only for part of the day.

I also want to invite everyone to join us at our 52nd Annual ICSCC Awards Banquet. We will honor our 2008 Class Champions and celebrate what's great about ICSCC racing. Check this Memo for more information about reserving your spot for the Saturday evening festivities.

Finally, I'd like to once again thank the many volunteers who have contributed to the continuing success of ICSCC this year. We cannot operate without our volunteers, and I truly appreciate the dedication, passion, and friendship you bring to each race weekend.

Next month's topic - the year in review. Until then, I'll see you at the track.

Linda Heinrich
ICSCC President

Steward's Soapbox

When you read this, the championship season will be over...imagine that! Twelve races on ten race weekends already complete. Congratulations to all of the class winners this year. In this column I want to share some of my personal thoughts with you before I say "good bye" as your Steward for this year.

I wish to thank all of you who conducted yourselves both on and off the track as true sportsmen and women. We spend a great deal of time, energy and money, often to a significant sacrifice to our work and families, to be able to compete at a high level as amateurs in racing cars and it has been a pleasure to serve you in this position. We are quite literally living a dream of so many others who cannot do so. Take a minute to fully appreciate where you are in your life and then spend some time going to the people you know who share your dedication and passion for what you do and THANK THEM for their support. Maybe it is your spouse and/or children or friends, who sacrifice their own time to come to the race track with you to turn a wrench, wash your windshield, make your lunch, listen to you on the two-way radio and most likely laugh at your jokes and racing stories at the end of the weekend. These are the ones who really make it all worthwhile!

And these aren't the only ones who deserve our recognition. We are certainly blessed to have some of the finest race volunteers/workers in the country. I know because I have worked with them. Without any hesitation, I would entrust my racing safety to them (as many of you have this year) and they **always** perform. My hat is off to them as they share the same passion and dedication as you do separated only by their decision to support as a volunteer rather than as a driver.

As your Steward this year, I have tried to put into place some procedures and definitions that would make your racing experience easier, safer and equally competitive. The new Minimum Race Weight sticker program has been a big hit and it has allowed a much smoother and quicker transition through the scales for drivers. Also, I have made clear my definition of the responsibilities of overtaking on the track. Instead of having 25 to 35 different versions out there at one time just waiting to converge, I believe that having one easily understand and accepted version has helped tremendously to keep the amount of contact down to a

minimum this year. I decided to not alter the current rules regarding this so as to allow the new Steward an opportunity to refine this definition for their use and into the future.

Speaking of the new Steward, I want to thank my first assistant, Mike Blasczack, for his tremendous support, work ethic, careful insight and unflinching humor in keeping this season running smooth, efficient and light-hearted when needed. He will be an outstanding Steward next season and will continue the tradition of having some of the brightest and most talented race people in Conference at the Steward's helm. Wes Tipton, make sure you never miss a Driver's Meeting roll call!

And I also need to thank Jeff Penick, my second assistant. When I first asked Jeff if he wanted to come onboard as the new Tech/Safety Steward, I promised him he could still race some and that he really only needed to be at the majority of the races...well, I kinda stretched the truth some to him then. He willingly agreed and never looked back, and got rolling with his new duties with enthusiasm and professionalism. He conducted some real in-depth safety research on my behalf and has been instrumental in helping all of you make sure your equipment and installations are in line with manufacturer's recommendations for safety and usage.

My thanks to both Mike and Jeff for their outstanding support, efficient work, and of course their humor... but most importantly, for their friendship which I highly value.

I am looking forward to getting back behind the wheel in my car and out there again with all of you. The 12-Hours of the Cascades is quickly approaching and I am excited about getting a chance to drive a stint in this prestigious event in my own car. And I am already looking forward to next season.

Most importantly however, my hat is off to all of you! Thank you for making this racing year a safe and memorable one for all of us.

Take care,

Hal Hilton

CAUTION

Failure To Plan For Endurance Racing May Leave You and Your Team Frustrated, Disappointed And Stuck On Course With No Way Back To The Pits

Use and act on this checklist to ensure your team is prepared to not only finish endurance races but be competitive.

- Radio Equipment – ensure it is in working order and compatible between drivers and crew (you may need adapters, extra headsets or more radios)
- Fuel – ensure you have enough to finish the race. Also plan for refueling stops with pumps, dump cans, dry breaks and catch bottles
- Pit Safety Equipment – fire extinguishers as required by the rules
- Safety Gear for the Crew – Fire suits where required, mechanic gloves, knee pads. Get sizes and get the gear ordered
- Brakes – extra brake pads that are bedded in, ducting, bleed bottles
- Pit to Car Communication – radios and back-up pit boards in the event of a radio failure
- Timing Equipment – stop watches and clipboards
- Lubricants and Fluids – oil for top up, brake fluid, power steering fluid, window cleaner, etc.
- Driver gear – HANS device, Antifog for the windshield, Fog City Antifog for the visor, and drink bottle
- Racers Tape to hold it all together

Armadillo Racing can supply all your enduro team needs: ERC Racing Fuel and refueling equipment, radios (whole systems as well as accessories such as helmet microphones); pit safety gear including inexpensive crew fire suits and gloves, lubricants and more.

Fresh squeezed by the ICSCC License Director

Incubating Future Conference Drivers

I keep getting positive feedback about the value of our Novice Training Program from drivers and administrators in other race organizations. I'm of course happy to receive these comments, but I am also quick to point out that the program is successful because of the combined efforts of the ICSCC community at large.

The member clubs are doing an excellent job with driver training programs, not only teaching good skills but also discovering potential racers and encouraging them to enter our Novice program. Once the drivers have their Novice License, I rely heavily on senior drivers and safety volunteers to bring them up to speed.

The License Registrar and each club's Race Registrar also play key roles in welcoming new drivers and to making their experience both positive and productive. I have received several comments about how the paper work process within Conference is so much smoother than in other organizations. That is a testament to the quality of the volunteers and the system that an organization formed and modified by driver members can develop.

In 2008, with only one race remaining, we have had 40 Area upgrades and 17 Senior upgrades, and two returning Seniors have been observed and passed. In 2007 we had 52 Area upgrades and 19 Senior upgrades, with 8 Seniors observed (many of these experienced Legend drivers).

Ideally, we would offer a separate open-wheel training and development program. The rule is still in place for that, with a year-by-year provisional deviation placing the Novice Open Wheel group in with Group 6 seniors. When the NOW count gets high enough that new drivers can experience side-by-

side racing rather than lapping, the NOW group can return. The open-wheel community has done an excellent job of adopting the Novices and training them to be predicable, smooth and safe drivers, and open wheel drivers are encouraged to propose rule changes to effect better Novice training (perhaps, for example, one extra run session for lead/follow on-track practice).

One of the biggest ways ICSCC gets new drivers is through the efforts of driver members:

- ◆ A race car ride sold at auction that leads to race driver training.
- ◆ Affordable rental cars provided by Conference drivers.
- ◆ Race car support for a time-strapped or mechanically-challenged driver.
- ◆ Reasonable race car and parts sales within the community.
- ◆ Informal driver-to-driver support and advice.

In short, Conference drivers clearly demonstrate the desire to infect as many friends and future friends as possible with this disease we call **club road course racing**.

Each and every one of you members and volunteers of ICSCC and META should take a bow for your contribution to the excellent Novice program. Even if you're simply "doin' what comes naturally," ICSCC continues to grow and evolve because of the efforts of all of us.

Greg Miller, PRO3 #120
ICSCC License Director 2008

Moving?

All ICSCC licensed drivers **must** advise the **License Registrar** of a change of mailing address! Notifying the Memo Editor directly will *not* keep your Memos coming: the mailing list is generated anew for every issue by the License Registrar. Please include:

Name
New Address
New Phone #
Old Address
Effective Date
Email Address

Send to (by email is preferred, if possible):

ICSCC License Registrar
Karen McCoy
karen.mccoy@netzero.net

Memo recipients who are **not drivers**, please advise the Memo Editor of a new address:

ICSCC Memo Editor
Danielle Baxter
icscc@telus.net

This applies also to change of name. If you prefer to send by post, please refer to inside front cover for addresses.

Memo Classified Ad Policies:

Non-commercial ads are free to Conference licensed drivers, officials and workers. **Maximum ad length is 100 words: longer ads will not be accepted.** To place an ad in the Memo and/or on the ICSCC website, contact the Memo editor at 604-882-8078 or (**much preferred**) by email at icscc@telus.net. Proof your ad when it first appears – it is presumed correct unless the editor is notified in writing! Ads run for 3 issues, then are automatically cancelled unless renewed. Numbers at the end of the ad show when it began: 1/08 means first issue of 2008, and that ad will expire after issue #3 of 2008. There are 10 issues per year. **To change an ad you must rewrite it and submit the new wording in its entirety.**
