President's Message

The ICSCC Fall Meeting and Awards banquet was held Nov 14, at the Marriott Hotel in Seattle. Congratulations to all the Conference Championship and Volunteer award winners! ITX.

Special mention to Scott Norton - Novice of the Year; Workers of the Year Donna Adams & Julie Winslow; and Driver of the Year, Randy Blaylock. ICSCC is extremely proud of our champions!

Mike Blazczak did a fantastic job as Master of Ceremonies for the Championship Awards, his off the cuff style kept everyone in fits of laughter. Thank you Mike for a great job.

Bill Spornitz has been elected Race Steward for the 2010 Championship year and begins his duties with a report on the Contest Board meeting found in this memo. Bill trained under Mike Blazczak last year so we are in good hands.

Randy Blaylock resumes his duties as License Director for the new year continuing the tradition of excellence that has defined our Novice program and I shall continue to be your President for 2010.

As requested by the membership through the Contest Board we shall be introducing two new Provisional Classes this year, Sport Touring and

Team Continental asked Tom Miller of ORP to address the E-board meeting and he presented a letter from SCCA approving the track in Grass Valley, Oregon for SCCA competition. We have presented this letter to our insurance carrier and now look forward to our first race at the new track.

The tentative schedule for 2010 consists of fourteen races held on thirteen weekends at five racetracks. There are still a couple of conflicting dates to resolve before the January meeting.

Both Leslie and I are looking forward to another year of travel to each of the tracks, your warm hospitality and great racing.

Best wishes to everyone for a festive and wonderful Christmas and a Happy New Year.

Kevin Skinner
2009 ICSCC President

Congratulations to ICSCC's 2009 honorees:

Driver of the Year: Randy Blaylock

Novice of the Year: Scott Norton

Workers of the Year: Donna Adams & Julie Winslow

Orange-Aid

Fresh squeezed by the ICSCC License Director

I was talking on the phone the other day with a friend that lives in Houston, and he was complaining that he had lost two weeks while a transmission problem kept his race car on the lift. I explained to him that my car was on jack stands, and would probably be there for the next 5 months. I guess it's that time of the year for us here in the Pacific Northwest, unless you're one of the lucky ones going to the 25 at Thunderhill, or some other place in between now and the beginning of our 2010 season, beginning tentatively on April 24th at Oregon Raceway Park.

Which reminds me, for those that may not have heard the exciting news, ORP has received the approval to hold ICSCC races. A new motorsports track is a rare and special gift for anyone that enjoys motorsports activities, especially in these economic and political times we live in now. The first Conference race ever at ORP will be a very special event, both for symbolic reasons, and because the race pays double points. Not to mention every fast time of the event in every class will be a new Conference ORP track record. I'm personally really looking forward to the roller coaster ride in my car, the general sentiment seems to be that the track favors smaller and more maneuverable cars, it should be interesting to see what kind of adjustments are needed to get around the track well.

It was nice seeing many of you at the Fall Banquet and meetings. It has been a very special year for me, I set some extremely optimistic objectives at the beginning of the year, and somehow I was able to meet every one of them. One thing I did-

n't plan for was the satisfaction I got from doing the job of License Director. I had an idea that it was going to be a lot of work, and take a lot of time, and it was, and did, for sure. But, the people I met, many fresh faces full of unbridled enthusiasm, some with apprehension and anxiety, and some basically clueless, were all a joy to work with. Everyone got up to speed right away, and really seemed to enjoy themselves. There were more than 200 total Novice entries this year, with many promoting to Area, and 13 all the way to Senior. We even had a few class champions come out of this year's Novice ranks.

There were many outstanding Novices this year, which made choosing the Novice of the year a difficult proposition. The nominees for the award were Glen Speers, Bart House and Scott Norton.

Glen is from Delta BC, and drives a beautiful bright yellow Formula Mazda in Group 3. The open wheel novices have a bit of a tougher time than the closed wheel guys, since they're tossed into the deep end right away, and don't get as much attention, assistance and mentoring from the License Director as the closed wheel novices. I'm deeply grateful to all of the open wheel veterans, who do a wonderful job quietly mentoring the new guys. Glen showed improvement throughout the year, one of his goals being to improve his lap times as he visited each circuit on successive race weekends. While not always being successful in that objective, and many times probably being frustrated by circumstances, Glen did have a plan for improvement that he worked hard on and a terrific attitude. Well done Glen.

Continued on following page...

Orange-Aid, continued...

Bart House is from Woodinville, WA. Bart drives one of them darn PRO-3 cars. Bart was constantly asking me questions I didn't know the answer to, making me feel stupid, thanks a lot Bart. I'm not sure I have ever seen a guy that analyzed things to the extent that Bart does. I would walk by Bart's paddock and he would be looking at a laptop, pretty much all the time, and there would be some squiggly lines on the screen. I'm not exactly sure what the lines meant, but they must have added up to something, because Bart's performance during the year constantly improved. Bart managed a top 10 championship points finish in PRO-3, one of the most competitive classes in Conference right now, and he is the 2009 EIP Champion. Congratulations Bart.

Scott Norton. What can I say about him, if only I could get a word in edge-wise. Scott lives in Edmonds, WA. Sometimes on quiet nights, I think I can hear him from there. Seriously, to me Scott personifies enthusiasm, enthusiasm for motorsports and for life in general. Scott drives a BMW 325i, a car that he has carefully prepared, evidenced by no DNFs this year, not even from sliding off the circuit on his 6 year old tires. Scott scratched and clawed his way to the track this year, with support from family and friends, on his way to collecting the RS Championship. Along the way Scott has had some challenges that people have helped out with. Despite having a tight budget, and running on tires that were produced back when any recent high school graduate was still in elementary school, Scott paid it forward this year more than once, helping some of the workers reach their dreams. That's exceptional sportsmanship. I'd like to Congratulate Scott once again for being chosen as the 2009 Novice of the Year.

In closing, I'd like to pass along some news from our hard working and talented License Registrar, Karen McCoy. The Executive Board approved at the fall meeting purchasing equipment to produce a badge style license card, to replace our over-sized, home-made looking laminated license cards. This equipment will produce a new Competition License card that looks professional, that will actually fit in your wallet, and that will continue to mostly resemble the current cards. This method will bring the production of licenses out of the stone age, enabling a significant workload reduction for our volunteer staff, and allowing a quicker turn around of license upgrades at the track. The 2010 Competition License application documents will include new information about submitting pictures in electronic format, so please be on the lookout for that when the time comes to renew or apply.

Jim Downing (Mr. Mazda) to Speak at 15th Annual Seminar

If you are relatively new to the sport of sports car racing, you may not recognize the name, but from the 70's through the 90's, Jim Downing's name was synonymous with Mazda rotor power and winning. He raced RX2s, RX3s, RX7s, IMSA GTU, GTP and Camel Lights. Jim designed his own car, the Kudzu, put a rotary engine in it and won. He has raced and won with 2, 3, and 4 rotor engine cars. In fact Jim has 41 IMSA wins to his credit including wins or very highly placed finishes in Daytona and Sebring. This is your best and probably only chance to meet and learn from one of the top race engineers, drivers and car designers in America. In his spare time Jim conceived the idea of a head restraint that his brother-in-law Bob Hubbard turned into the HANS device.

He will be joined by Ross Bentley accomplished race champion and top driving coach. Ross is the author of 6 "Speed Secrets" books on performance driving and racing. Also speaking will be Downing's wife Connie who successfully raced in the IMSA Kelly American Challenge Series. Additional speakers are being added. Unfortunately, Leo Mehl had to cancel his talk due to health reasons.

Do not miss this outstanding event. For further details and to Register NOW go to www.armadilloracing.com or call 1-888-211-9129 (Toll Free USA and Canada). The cost is just \$197 with a special bonus if you register before December 20th. The event will consist of 4 or 5 primary speakers and as an added benefit for this 15th year, a special evening session will be conducted featuring all of

the speakers plus a number of additional surprise guests. Racers, crews and fans can be assured that this event will enhance your racing program with technical knowledge not available in any book.

"If after hearing the morning speaker for three hours, you are not totally thrilled by the secrets you've learned, I'll refund your entire seminar registration fee plus \$25 for wasting your time," boldly stated Andy Collins, owner of Armadillo Racing. With this guarantee you have nothing to lose but valuable seconds off your lap times. Here's what some previous attendees had to say about their experience:

- "Absolutely incredible, worth every penny." – Erik Kremsner, FSAE
- "Excellent low tech presentations about highly technical subjects. A good value." – Don Thieman, Mustang A sedan
- "Great seminar as usual – very helpful information that is needed to take you to the next level." – Dick Boggs, DSR
- "Great Seminar! Speakers were very knowledgeable and experienced racing people who gave us the benefit of their real work experience in a way that was relevant and understandable. Very helpful. I'll be back." – Peter Jenkin, BMW Pro3
- "Excellent seminar. Every Armadillo seminar is a learning experience and enjoyable too." – Frank DiMiceli, Spec Miata
- "A terrific way to start the up coming season. An amazing amount of information delivered in an easy going, off-season setting. A great mental and practical start to the new season." – Dan Durr, 1968 BMW B Sedan
- "Amazing, an absolute treat." – Dave Wahl, 87 BMW Pro3
