

ICGCC Memo 8, October 2009

The Official Publication of the
International Conference of Sports Car Clubs

In This Issue:

- **Results:** Race #9 & 10 Mission Raceway, SCCBC
Race #11 Portland International Raceway, CSCC
- **First Announcement:** 2009 ICSCC Awards Banquet
- **Rule Change Proposals** for 2010 Season
- **Points** through Race #11

President's Message

Only one race left in the 2009 Championship season, IRDC at Pacific Raceway in Seattle and the non-championship Cascade 6/12 Hour Enduro at Portland International.

Next up will be the Fall Meeting and Year End Banquet. Rule change proposals have been compiled and are included in this memo. Soon your contest board representative will be calling a meeting of your clubs licensed drivers to receive directions on how your club is to vote on the various proposals.

This is the process that makes ICSCC the powerhouse organization that it is. There is not one rule in our competition regulations that has not received the majority vote of either the licensed drivers and/or the member clubs. The process is completely transparent, being documented in the Competition Regulations and the Policy and Procedures Manual, both of which are available from headquarters or the ICSCC web page.

Please take part in these contest board meetings. Also take the time to attend your member

club meetings and participate in the discussions that will advise and direct your e-board representative. If you belong to a member or an affiliate club then you are part of the decision making process of the ICSCC and now is the time to exercise your influence.

It may also be time for you consider joining the ICSCC Officer Team for 2010. Please contact headquarters or one of the club reps to volunteer, we would be glad to welcome you.

Along with the business of Conference conducted at the Fall Meeting is our Annual Awards Banquet. This year our theme will be "Race Reflections" a social evening to reflect on our best racing stories. We shall be featuring a fabulous buffet dinner created by the Marriott's Chef James, championship awards, a social evening with a great dessert selection as well as the social interaction of own racing heroes.

Kevin Skinner
2009 ICSCC President

President's up-date to the *Penalty Box*

Back at the first SCCBC/Mission race in June, Brian Meakings received a disqualification from the ICSCC Steward. Brian chose to appeal that decision as per Competition Regulations Section 10. A vote of the contest board upheld the steward's decision and Brian further appealed the decision of the contest board to the exec board. The e-board upheld the decision of the contest board.

Orange-Aid

Fresh squeezed by the ICSCC License Director

Congratulations to the class winners this season, and to everyone else who made them work for it. It's been a long year full of hopes and objectives, hopefully the close of the ICSCC sprint racing season finds you pleased with your performance, or at least satisfied.

For me, it's been an incredibly busy year so far, with some very optimistic objectives, that at the time of this writing appear to be within reach. Also, my sincere and heartfelt "thank you" to all of the workers this year that made this all possible.

The overall turnout of racers in general this season, and novices, has been very good. Better than perhaps many expected given the economic climate. I'll have some statistics compiled for the next memo to actually quantify this to see what the numbers say.

So now is either the transition time to enduro season for some, or the time to get the car squared away before squirreling it away. Please allow me to make a couple of suggestions.

If you do one thing only, take the time right now to make a note to yourself and put it somewhere you can't miss it, to flush the cooling system, and add some anti-freeze. This is so easy to forget, and next thing you know you have big problems when the

temperatures drop this winter. It also helps control corrosion in the cooling system.

Maybe change the oil too, instead of leaving the stuff in there from the last race, all full of byproducts of combustion, forming corrosive acids and such. If you move the car around this winter, try as much as possible to let the fluids get up to full operating temperature to boil off the moisture that collects as the systems warm up.

Fully inflate the tires, or put some 4 x 4 blocks under the frame rails or rocker panels if you leave your car in a trailer, or put it up on jack stands in the garage to let the suspension unload as it sits for a few months. Drain the gas tank or fuel cell, or at least fill it all the way up to prevent condensation. Disconnect the battery, or better yet, remove it and bring it indoors.

Unwrap and/or unbolt the harnesses, and maybe the seat cover, and bring those inside to a cool and dry place.

That's some quick stuff that comes to mind.
