

ICGCC Memo 5, July 2010

The Official Publication of the
International Conference of Sports Car Clubs

In This Issue:

- **Announcement:** CSCC & SCCBC, PIR, August 14-15
- **Results:** TC ORP May 23; CSCC PIR June 6; TC ORP June 20
- **Points through Race #3**

Steward's Soapbox

Greetings all. Here are some miscellaneous ramblings from your current Steward team. As this is written, we have completed our second race weekend at ORP and are about to leave for the only Conference weekend of the year at Mission Raceway Park. First let me say that, once again, TC produced a very well run and enjoyable race weekend at ORP. I think it is fair to say that this track is growing on all of us and, in some cases, literally growing *in* the spoiler/grill area of a couple of race cars. Ask Scott Norton how well that fancy new splitter of his works for mowing foot-tall alfalfa on the outside of Continental Corner.

We want to start this month's discussion with the upcoming Mission race, which is a bit of an experiment in scheduling. We are attempting to hold a double race weekend in two days and still comply with Conference rules with regard to minimum standards. It will, to say the least, require tremendous effort on the part of both the administrators and drivers. As the old saying goes, the schedule leaves time for everything but a screw-up. That said if it works it could provide a blueprint for similar future schedules. Obviously, in the current economic environment anything that helps drivers get the biggest bang for their racing buck will benefit everyone. Imagine a fourteen-race season with only seven

resolved with this and I don't know whether it will be viable in the long run but I want to acknowledge SCCBC for their willingness to give it a try.

Now, let's address some other items. We want to discuss three fundamental elements of race administration: transponders, sound, and scales. We addressed transponders in a previous soapbox but we still have a few cars at every race that seem to have glitches with their systems. I know how frustrating this can be, especially when the system remains unchanged from previous races and there has never been a previous problem. I wish I could give you a cut and dried answer to why this happens and how to fix it but, hey, it's electronic and involves microprocessors and computers. Need I say more? But seriously, when these situations occur, the stewards make every effort to notify and help the driver get it resolved. However, at the end of the day, without a transponder it is impossible in the current timing and scoring world to give you a finish. Our advice is that if, for whatever reason, you have had "issues" with your transponder, it is best to disconnect it and rent a battery operated unit and get through the weekend. The fact that your unit tests while the car is sitting static in pre-grid is not an assurance that it will work as you drive at race pace on the track.

Moving on to sound, this is another area where frus-

Memo Classified Ad Policies:

Non-commercial ads are free to Conference licensed drivers, officials and workers. **Maximum ad length 100 words: longer ads not accepted.** To place an ad in the Memo, contact the Memo editor at icscc@telus.net. Proof your ad when it first appears – it is presumed correct unless the editor is notified in writing! Ads run for 3 issues, then are automatically cancelled unless renewed. Numbers at the end of the ad show when it began: 1/10 means first issue of 2010, and that ad will expire after issue #3 of 2010 (3/10). There are 10 issues per year. **To change an ad you must rewrite it and submit the new wording in its entirety.**

CASCADE SPORTS CAR CLUB

Presents

American / Canadian Challenge

August 14th & 15th 2010

This is a Chicane race run from the Pro Pits

Entry to PIR will be through Turn 8 only

The Bridgestone Bridge open from Saturday 7am – 11pm & Sunday 7am – end of day

This race is sanctioned by ICSCC, under the 2009 Competition Regulations as a championship race, organized by Cascade Sports Car Club and held at Portland International Raceway. Kai Keliikoa, Race Chairman, may be reached at 360-903-9258 until 9 p.m. or by email at kai@dickhannah.com.

If your family and friends couldn't come with you to PIR tell them they can watch you live on line at <http://www.pirlive.com>

Online Registration will be available at <http://cascade.motorsportreg.com>

ENTRIES OPEN:	Upon receipt of this announcement	
ENTRIES CLOSE:	Postmark or fax by: Aug. 6th, 2010	
ENTRY FEES:	<u>ICSCC or others</u> – cash/check/Visa/MasterCard price	\$245.00
	<u>Cascade Members and SCCBC</u> – cash/check/Visa/MasterCard price	\$235.00
	Additional Race Entry	\$135.00
	LATE ENTRY FEE	\$ 55.00
	Pit/Spectator passes	Free

Mail entries to:	Registrar CSCC Holly Remington 9536 SE Winsor Drive Milwaukie, OR 97222	Telephone/FAX: 503-654-0997 (please no calls after 9:00pm) Email: hollycsc@comcast.net
------------------	--	--

Express Tech: “If your entry is completed in full, you have no license issues, you do not need a rental transponder, you have an Annual Tech, you are not part of the mandatory presentation group for the weekend and you have prepaid your entry fee, you will be eligible for Express Tech, where after you're registered your safety equipment will be tech'ed and the weekend tech sticker issued”

IMPORTANT NOTICE: Only **ONE** support vehicle OR trailer in your pit area will be allowed. Additional parking is in the grass area. Drivers are responsible for the actions of their crew members: you may be disqualified as a result of their actions anywhere at PIR! The area to the north of the Pro Tower is reserved parking for ICSCC and CSCC officials: please do not park there as you will be asked to move.

approx.

8 Min before the start of the race

CSCC Supplemental Regulations 2010

Infractions will result in penalties assessed to the driver.

1. Open to cars eligible under ICSCC current regulations.
 2. This event is organized under 2010 ICSCC Competition Regulations, and all who enter PIR are subject to them. Cascade Sports Car Club reserves the right to refuse entry to this event or to PIR at any time.
 3. Alcoholic beverages allowed in the *beer garden area only*, and only after the track closes. **You may NOT bring alcohol into PIR!** This is an Oregon Liquor Commission requirement. Any person caught entering PIR with alcohol will be *removed from the raceway*.
 4. Registration Hours: 6:00 pm-8:00 Friday, 7:30 am-12:30 pm Saturday and 7:30 am - 10:00 Sunday
 5. Express Tech is available at Registration for those drivers who have an acceptable, current Annual Tech inspection noted in their vehicle logbook. The driver is not part of the mandatory Tech presentation group for the weekend. At registration, Express Tech drivers should bring their personal safety gear and vehicle logbook to Registration where you gear will be inspected and a weekend tech sticker issued.
 6. People under 18 years old are not allowed in hot pits, pre-grid or on victory laps. Children under 12 must have direct adult supervision at all times.
 7. A current and properly completed minor release form, signed by an authorized adult, must be on record for all minor participants brought into PIR.
 8. Competition numbers must be readable: Section 1106 enforced.
 9. The scales will be open Saturday from noon and Sunday all day.
 10. **No skateboards or scooters allowed in the paddock area. Users of bicycles and small-motorized vehicles may have riding privileges revoked at any time by the Race Chairperson.**
 11. Refueling not allowed in pre-grid. Fueling in the hot pits requires a crewmember assigned only to operate a fire bottle. Excess spillage will result in a penalty.
 12. *No smoking* allowed in hot pits, pre-grid or *any* PIR building.
 13. Only one support vehicle allowed in paddock. Pit and pre-grid roads must remain clear.
 14. Noise rule ICSCC 1112 enforced! 103 dB at 50 ft.: *no exceptions!*
 15. Oregon State Law requires functioning mufflers to be used at PIR. Functioning mufflers must be capable of reducing sound energy by at least 5dB at trackside. Cars losing mufflers, even if they are still below the sound level, will be black-flagged immediately.
 16. Damage to the track, grounds or buildings, regardless of cause, will be charged to the driver responsible. Also, damage to any equipment or devices used by the sanctioning body (ICSCC) or sponsoring club (CSCC) to conduct this race, regardless of cause, will be charged to the driver responsible.
 17. Family and crewmembers of drivers are to contact the landline communication person at pre-grid with any questions regarding their driver or car while on track.
 18. All entrants for this event shall present at tech inspection an empty, sealable container or containers, marked with the driver's name and license number, capable of holding 2 gallons of liquid. These are to be used to remove all oil, cleaners, brake fluid, etc. from PIR. There will be no drums provided.
 19. Anyone caught dumping oil at the raceway will be fined and banned from the raceway. This is a PIR regulation.
 20. If entries exceed the number of cars allowed on the track for a particular event, drivers and cars entered as an "additional event" will be restricted from participating, on a first-come, first-served priority based on the date entries were received. This is in order to allow participation by all drivers for whom the event is their primary event, including Novices upgrading to a championship event.
 21. NSF checks will be charged an additional \$50 fee.
 22. The racing "hot pit" is defined as that area under the control of Hot Pits personnel. This area is located immediately west of the break in the concrete wall half way up the pit lane. Per ICSCC rule #1607, any person over that "pit wall" during practice, qualifying or races shall wear long pants, shirts that cover the shoulders, and shall not be barefoot or wear open-toed shoes. At the one-minute warning, pre-grid becomes a "hot" area. At that time, pre-grid must be cleared of all crew, support personnel and spectators. Notwithstanding the above, ICSCC rule #1607 does not apply to the pre-grid area.
 23. All cars that are towed into the paddock area are subject to being dropped off in impound.
 24. The 5-minute warning will be given earlier than 5 minutes before the scheduled race start.
 25. Due to recent incidents, extension cord from the pit exit to tech/scales, must use a more secure method other than Duct Tape
 26. Staggered start and split start requests shall be submitted to the race steward no later than the end of on-track activity on the day previous to the race.
- Thank you – Gary Bockman, CSCC Race Chairman

Steward's Soapbox, continued...

tration can be rampant and again, as fellow drivers we can empathize with you but as stewards our only option is to enforce the rules that exist. Although the prairie dogs at ORP might not be bothered by noise, the Conference rule applies at all tracks, regardless of local ordinances or conditions. I won't quote the entire rule but essentially it is a maximum of 103 db except at Mission, where it is 95 db. As with transponders, the most common comment from drivers when we meatball them for sound is "I've never been over 101 at any track" or something along those lines. Regarding sound, the steward needs to be an engineering expert (which I'm not) to begin to understand why these inconsistencies occur. Most of us know that climatic conditions, including wind direction, can impact sound readings. What we want to emphasize is that Conference has two very sophisticated and expensive meters, one primary and one backup, that were both sent to the manufacturer this spring for testing and are properly calibrated prior to and after each day of the race weekend. We also have a new Sound Officer who is attending every race and who has had thorough training in his duties and who takes his responsibility very seriously. Again the advice is, if you have a car that is anywhere near the limit, have some options available to make adjustments at the track.

The last item on the list is scales. Here we have had relatively few problems by comparison but we are still asked by some drivers why they see substantial variations from track to track. While I really can't explain that I do want to assure you that, as with sound, the scales were taken to the manufacturer, in this case Longacre Racing in Monroe, WA where they were tested and calibrated prior to the season. We feel confident that with the exception of the 100-year flood, better known as race three at PIR, they are functioning properly. Portland proved that when the load cells are underwater they don't work as intended.

Whew, when I started this I had also intended to write some comments about passing protocols but for now, this is probably enough rambling. As always, drive smart, drive safe and, above all, have a good time.

Bill Spornitz
ICSCC Race Steward

Orange-Aid

Fresh squeezed by the ICSCC License Director

Conference is a special thing. The people involved in Conference racing are some of the best people I have ever had the privilege to meet and race with. How did this come to be?

I'm not sure, but I think the people that originally set up the organization were very smart in how they arranged everything, so that the focus is put on sportsmanship, camaraderie, and fun, rather than defining success solely by wins. Something about it attracts a type of person that I really like hanging out with. I want to do whatever I can to ensure the ongoing success of Conference racing, and I spend a lot of time thinking about what this might be.

Every organization needs new blood, because for better or worse it's the nature of things that people's interests change, life's situations change, and we simply just get older. What does it take to attract and retain new blood? I think enthusiasm is huge, and once the hook is set, doing what we can to make people feel like one of the family, one of "us".

Along this line of thinking, I came up with an idea, something we can all do that's pretty easy, doesn't cost anything more than a few minutes of time, and judging from the first try, something that appears to be worthwhile.

At the June Chicane Challenge race in Portland, I asked the senior drivers, along with anybody else that wanted to join in, to gather around the pit lane exit to the paddock, and show some love to the novices exiting the circuit after their race. I anticipated that maybe a few people would show up, thinking I might get luckier than I used to when trying to find senior observers. I was stunned to see at least 50-60 people gather, and hear the applause and shouts of encouragement to the novices as they drove by.

The grins on their faces were worth a thousand words, and afterwards I heard many people remark that they really enjoyed the interaction, both the novices, and the people showing the love. Thank you everyone for taking the time to do that.

I'd like to ask that you consider doing this again, and bring someone along with you. If we can all collectively make this a part of our Conference family culture, I think it can only make every new person feel all the more welcome and supported. I don't know about you, but when I'm racing door to door with someone I know, or better yet, one of my many friends, it's all that much sweeter.

Randy Blaylock, ICSCC License Director

Printed in the USA

Stay Cool in the Heat of the Summer

The compact *Cool Shirt Club 12 System* provides the advantage of system for those racing applications that have limited space and is perfect for road racing – a favorite among ICSCC and SOVREN drivers! The compact *Cool Shirt Club System* keeps you cool and alert so you look and feel your BEST even when track temperatures exceed 100 F.

The Cool Shirt Club 12 System comes with a 12qt cooling unit with an internal pump which supplies cooled water to the shirt through 8ft of double insulated hose with automatic shutoff/quick disconnects. The complete system is only 3lbs.

Installation is easy too. Just mount the tray, wire the system to 12 volts through a switch, load the chest with ice and water and prepare to be cool and comfortable. Priced separately this system sells for \$484.95. Available Now just in time for the hottest part of the summer: **Just \$475 Complete**

COUPON

**Purchase a 12 Quart Cool Shirt System
Including Ice Chest, Shirt, & Mounting Bracket**

(PRICED SEPARATELY: \$484.00)

On Sale Now at \$475.00

and receive a FREE bottle of
