

ICSCC Memo #4—May 2012

The Official Publication of the
International Conference of Sports Car Clubs

In This Issue: • Race #5 Announcement SCCBC, June 9-10
•

From the President

Hurray, we have started the 2012 racing season. I know that not everyone was ready for the 1st race, so congratulations to those who found a way to be at the CSCC event. Don't worry; we have 14 more races remaining in the season. So get your car ready, renew your license and come out and enjoy the next race.

This season is full of surprises. It seems that every club is scheduled to have a special race at each event. Special races are great for the local clubs and fantastic for Conference. Every special race in which I have been a participant was a lot of fun and very rewarding. That extra track time has paid extra dividends, in the form of faster lap times and a couple of pole positions. I choose additional track time over sitting in the paddock. Why don't you give it a try at the next event?

I know that it is early in the season but we need help at every race. The volunteer core has remained constant but the demand is increasing. It would be great if each corner were to have three marshals and pre-grid and tech were

fully manned. So if you, a driver, could find a way to volunteer one weekend this year, our goal could be achieved. Let's make it happen!

I would like to see more viewing of our Novice races, since they are the future of Conference. Take some time out of your Saturday afternoon and enjoy the Novice race. And remember to congratulate them when the race is completed. Come out and support your club and Conference.

See you at the track,

Dave Bennitt
ICSCC President

Who Else is Ready for a Change in 2012?

Have you been using the same old brake pads for years? Try a new set of Raybestos pads like the ones that were used last year to win 2 of 4 classes at the Thunder Hill 25 hour enduro and 3 of 4 NW ChumpCar races.

Time to Change brake fluid. We have an amazing selection of fluids — Motul, Castrol LMA and GTX, Wilwood 570 and EXP, AP600 and AP551. One of these fine products will fix your brake fade problem for sure.

Wanna gain some power? Switch to Red Line Synthetic oil and gear lubes — reduce friction and gain power, and use ERC racing fuels, powering champions for over 40 years including the Nissan GTP with back to back to back IMSA Championships.

How about new custom ear buds for your radio system? They fit better and more comfortably as well as improving your hearing in the car.
• Now is the time and this is the year for you to make some changes. **Call Armadillo Racing today to upgrade your equipment to win in 2012.**
