- Races #5 & #6 NWMS Spokane Raceway July 14/15/16

President's Message

The first Championship race of the season is history. In my first President's message I predicted a nice, dry race season. I guess it was just wishful thinking! It seems Mother Nature still holds a grudge against Groups 2 and 3, and this weekend, the rain rotation shifted more toward Group 2.

The Rose City Opener should be renamed the Spin City Revue! Saturday was cool, with morning drizzle and afternoon sun. Sunday felt like November - cold temperatures, light rain, heavier rain, canopy toppling winds and torrential downpours. Drivers in Group 2 ran the last part of their race blind, with whiteout conditions, lots of standing water and then the inevitable hydroplaning. I personally found out you can forget about Anti-Fog on days like this; it simply doesn't work! Needless to say, the corner workers wrote up plenty of turn reports and the Stewards were not bored.

Despite the weather, everyone seemed happy to be back racing. There were even some hearty souls who entered late on Sunday. Now I, myself, prefer fair weather racing, but I'm glad there are some who relish the 'mail carrier motto' approach. As I walked up and down the paddock rows, I noticed lots of the new ICSCC stickers. It would be great to see them on every car. The new helmet stickers were attached at Tech and pregrid was checking to make sure every driver had one. Tech did their best to complete an Annual inspection for any driver who wanted one.

It was good to see a large contingent of American Sedan cars at the track. Ron Brown, of Competition Motorsports, has been working

hard to come up with a plan to reinvigorate the class and get more cars out to compete. Thanks for your efforts, Ron.

Novice drivers, with both 300 and 400 series numbers, were spotted everywhere. (The 400 series numbers were added this year to support the growing number of new racers.) The Closed Wheel grid had 26 cars, exceeding every senior group except Group 4. They put on a great show; it was an exciting race to watch. Six Open Wheel cars also ran on Saturday. Many of the Novices returned to the track on Sunday, helping out where needed while completing their work requirements. I continue to be impressed by their enthusiasm and their attention to paperwork details. Several expressed to me their appreciation for all the work that goes into putting on these events. We should be proud of our Novice program. Bill Vine is doing an excellent job training the Novices.

Doug Smith, race chairman for NWMS, flew in to attend the Saturday Driver's meeting. He invited everyone to attend the **double race** at Spokane in July. It's always a **fun** weekend. With the track's future in doubt, this could be your last chance to race there. It's a great track, with the longest straightaway in North America and nice undulating terrain in the middle of the course. Personally, it's one of my favorite tracks. If you can fit it in, I highly recommend making the trip. Check out the race announcement in this Memo.

Hope to see you all at the track.

Hubbard/Downing Inc. Announces the HANS, Head and Neck Support® to be custom fitted and expertly serviced locally to Northwest Racers

For the first time since the inception of the HANS® device in the mid 1980's, a nationwide servicing dealer program has been introduced to bring the information and expertise necessary for proper fit and selection of this important safety device directly to the racer. Recognizing the need to explain, demonstrate, custom fit and sell the HANS® device, a search began in 2002 to locate just the right company to present the device to the Pacific Northwest racing community.

After a very careful search, **Armadillo Racing Enterprises of Bremerton Washington** has been selected to represent the HANS® device to racers in Washington, Oregon, Idaho, and Montana. "We are honored that Hubbard/Downing has selected our company to bring the HANS® device to northwest racers. They set very high standards because of the serious nature of driver safety and because of the need to be sure the correct model of the device is properly fitted to the exact need of each racer. Our 17 years in the safety equipment business, selling and servicing racers trackside through our 28 ft. showroom/trailer and our respected business reputation was the reason we were chosen."

In addition to representing the HANS® device, Armadillo Racing is your complete trackside store featuring these great products: Red Line Oil (most all oils and gear lubes in stock including Water Wetter), Safety Equipment (Bell, Simpson, Bieffe, Momo and OMP helmets, gloves, shoes, suits) and featuring Carbon-X Underwear; Goodridge Competition Plumbing; Numbers, Letters, Nuts and Bolts, stop watches, brake pads, Mechanix Wear gloves, chemicals, too much inventory to list. They also carry a great selection of racing books and fanwear. If you need it, there is a good chance ARE has it at the track on race weekends.

"Andy supplies great products at reasonable prices and has an amazing inventory at track side."

— **Alastair Lockett** '67 Mustang SPO

"Armadillo Racing & Andy Collins is Great! What's better is dealing with real people, selling real products, and being local to boot. Thanks, gang, for being there and providing the support, education and experience." — **Rob Barker**

"Andy is fair and good to deal with. Good to work with an honest person that will work with you." — **Phil Edwards** RX-7

Steward's Soapbox

I'm jotting this note to you just a few days before the first Conference championship race of the year. That means by the time you read this, many of you will have already been on track for the first time in 2006. (Editor's note: the print deadline for Memo #4 precluded a post-race *Steward's Soapbox* and *Penalty Box* from Race #1.)

In the past couple of memos we've talked about some specific rules changes and other pertinent pre-season stuff. And we've encouraged everyone to be attentive and maybe even the slightest bit conservative in their first track outing of the year.

So this note is not a so much a "Steward's Soapbox", as it is a short "Steward's Congratulations and Invitation". A congratulations to all of you who made it to the first championship race of the year – job well done, and an invitation to everyone who has yet to attend their first 2006 race. We're looking forward to all of you racing safely and competitively, enjoying the fruits of your labor.

For those who attended the first race, thanks for being

there. Ron and I hope you had a fun and safe event. I guess the "Penalty Box" in the next Memo will show how attentive and conservative you were!

Before we see the next Memo, there will have been four championship events. Everyone will be doing their best to do their best. Related to Pres. Linda Heinrich's column last month, Conference is, and has always been, the race place where you get the most bang for your buck – both in good, clean, close racing and the camaraderie of fine competitors. We know the cost of racing continues to rise. But there are ways we can control some direct and indirect racing costs when we're on the race track – other than not buying those new tires.

The first way is: *Don't hit anyone*. The direct costs of this are obvious: repair of broken racers and potential fines/sanctions from Conference. There is also an indirect cost generated by people running into each other: the cost to Conference (and to you, by association) in

reputation. As overall costs rise, we all want Conference to be known the place where racers can get together for a safe, fun, fast weekend of racing without unnecessary worry that someone's entire race budget will be totaled by a competitor's overaggressive or inattentive driving.

So, when you're out there doing your best, please put "Be the best driver I can be" at the top of your list and keep focused on it during your sessions. If you do, chances are you'll stay on the race track, you won't run into anyone, they won't run into you, there won't be any direct costs, and Conference will attract more folks who also stay on the race track and don't run into each other.

See the turn stations. Be on top of your game.

All the best,
 Art Metz
