ISSUE # 9 NOVEMBER 2026

ICSCC MEMO

The Official Publication of the
International Conference of Sports Car Clubs

IT'S TIME TO CELEBRATE THE SEASON

REGISTER NOW!

LETTER FROM THE PRESIDENT

Howdy, ICSCC drivers and volunteers!

As the temperatures cool and the leaves begin to fall, we say farewell to another year of ICSCC racing in the Pacific Northwest. IRDC closed out the season with its Invitational honoring Linda Blackburn, and it was great to see the return of their club's year-end banquet.

Speaking of banquets, the ICSCC Awards Banquet is just around the corner on November 14th. The Fall ICSCC E-Board Meeting will also take place that weekend on Saturday morning. With a large number of rule change proposals submitted this year, we have a full agenda ahead of us. If you haven't signed up to join us, you can do so here.

As the 2026 season comes to a close, I would once again like to thank every person who helped support ICSCC racing this year. Your dedication to your club and to Conference made this season possible, whether you were able to attend one race or every race on the schedule.

If you are interested in taking on a new role or simply shadowing someone to learn more about how ICSCC operates, please don't hesitate to reach out. Many hands make light work, and having more volunteers at both the club and Conference levels helps make things easier for everyone involved.

Lastly, I would like to recognize the small but mighty group of ICSCC officials who worked tirelessly at all our races throughout the season:

Rob & Christine Scholl - License Directors
Steve Paquette - Steward
Jamie Anderson - Race Registrar

Thank you all for making my first year as your president fun, challenging, rewarding, and everything in between.

See you at the banquet!
Brian
ICSCC President

A THANK YOU FROM IRDC

Hello conference drivers, volunteers and crews.

On behalf of IRDC I would like to thank each of you for coming out to support the club this past season. We had a successful year, seeing some new faces step into club positions and welcoming new drivers to the ranks.

I would like to thank everyone for coming out for our October event at The Ridge in honor of Linda Blackburn. It was outside of the conference schedule this year but many of you showed up and made it a really fun weekend. We had over 40 cars lap the track on Sunday in honor of Linda with purple flags waving. It was a very special moment.

Looking forward to 2027 we're excited for what the year ahead holds. We have some new dates this year to better fit the Pacific Northwest weather and have some really exciting things in store. If you'd like to get involved with IRDC please reach out and join us at our monthly club meetings. Keep an eye on the IRDC facebook page for updates in the off-season.

Steve Paquette
IRDC President

Analyzing your racing lap after lap

"Videos Are For YouTube, Unless You Want To Analyze Your Racing For Faster Lap Times"

Do you have a camera in your race car? If not then you are missing a great opportunity to improve your lap times. Here are a few functions to help you improve -

- See each lap so you can improve on your next session
- Get analysis from your driving coach
- Compare changes made while driving
- Oh and gain valuable information on your competition

Here are two great camera systems that will work for you:

Mention this ad and receive $50 off the Race-Keeper ($399) or $100 off the Catalyst I ($999.99) or the Catalyst II ($1199.99)

Race-Keeper with two cameras

The Race-Keeper offers ultra-high video logging for motorsports and track use. The system has both front and rear cameras and can be turned on when the car reaches 15 mph. For more about the Race-Keeper go to this link: https://www.race-keeper.com/

Garmin Catalys

The Garmin is an industry-first "coach" that you mount in your cockpit for track driving. It gathers performance data, gives real-time audible coaching and offers immediate session analysis to help improve your driving line, braking and lap times. Ross Bentley and Don Kitch discuss the Catalyst https://www.youtube.com/watch?v=aZBpBxpRZ90

Both systems will help you improve your driving. Stop watching other people's videos, make your own and then study and review them for lower lap times.

ARMADILLO RACING

"Could not ask for more quality of service. Unbeatable selection, Armadillo will get everything I need." **Flavio DioMede - BMW 330**

"Armadillo racing continues to keep the Puget Sound region up to date with the latest in motorsports." **Mike McAleenan – Lamborghini Huracan**

"We are so fortunate to have this business to support us. None Better, totally committed to customers." **John Rankin – Beach Sports Racer**

"I really appreciate Andy and Armadillo Racing's service to the racing community. If he doesn't have what I need he always gets it quickly." **Randy Johnson – 1996 IROC Pontiac**

"If you need any race car parts or supplies, Andy Collins at Armadillo Racing is your man. His knowledge is 2nd to none, he's there at the track for most every racing, and his prices are fair." **Jim Cissell – BMW PR03**

On Track With All Your Racing Needs • **1-888-211-9129** • Toll Free USA and Canada • www.ArmadilloRacing.com
